Regarding: BioShere Additive FDA Compliance

To Whom it may concern,

We, BioSphere Plastic, hereby confirm that in case of the product named BioSphere plastic additive is FDA Compliant. BioSphere additive is considered "GRAS" (Generally Recognized As Safe by the FDA).

Please see the attached third party SGS testing showing that our additive meets the US FDA food contact 21 CFR requirements.

BioSphere additive is California Proposition 65 compliant.

BioSphere additive does not contain unsafe levels of metals specifically mercury, lead, cadmium, and hexavalent chromium. BioSphere additive is CONEG compliant.

BioSphere additive does not contain the following ingredients listed by the FDA as major allergens: milk, eggs, fish, crustacean selfish, tree nuts, peanuts, wheat, or soybeans. BioSphere additive is manufactured in the US.

Biosphere additive does not contain any synthetic Fumigants, Fungicides, or Preservatives.

Please let me know if you have any further questions about the above information.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Huegli", written over a large, loopy scribble.
